

## QUICK GUIDE

### How to obtain a LEOPARDS OF THE CAPE interpretive information board

The Cape Leopard Trust has designed a large-format interpretive board with information about the leopards of the Cape. These boards are ideally suited for private nature reserves, guest farms and wineries in leopard areas to spread awareness and spark interest.

The boards are A0 size (1200 x 854 mm) printed on chromadek, covered with UV-resistant vinyl and mounted in a galvanised frame. The supplier is in Blackheath and the finished product will need to be collected, or they can deliver it to you. The cost of a single board is in the region of R2000 excluding VAT and delivery, but this price may vary due to fluctuating material costs. It is supplied with 4 sets of clamps for mounting, but the wooden poles are not included. You can also choose to have the laminated print applied to a flat metal sheet only, without the galvanised frame – in case you want to affix the board to a wall. This will obviously be a cheaper option.

If you are interested in obtaining a board, please email [clt@capeleopard.org.za](mailto:clt@capeleopard.org.za) and indicate whether you need it with or without a frame, and with or without delivery. We will then put you in contact with the supplier for a formal quote.
